Topic: Parenting

Title: Foundations of a Godly Home

Subtitle: Planting Your Children on the Solid Ground of Jesus Christ

Description: Every family is built on a foundation. Some foundations are built on rock and can stand, while other foundations are built on sand and crumble. In this class, we will be taught by Dr. Paul David Tripp as he outlines the required tools needed to build your home on the solid ground of Jesus Christ.

Course Materials: *Parenting* by Paul David Tripp

## **WEEK 1 (June 12)**

Title: Mercy

Description/Outline: One of the biggest errors Christian parents can make is allowing themselves to forget. If you allow yourself to forget the daily mercies you desperately need and generously receive from your Father's hands, it will become easier for you not to parent your children with mercy.

## **WEEK 2 (June 19)**

Title: Lost

Description/Outline: This concept has the ability to change the way you think about what God has called you to as a parent: you're not just dealing with your child's wrong behaviors but their condition. All of the resistance that you face is the fruit of something deeper. If you don't understand that deeper thing, you will settle for surface victories and surface solutions that don't really lead to lasting change.

## **WEEK 3 (June 26)**

Title: Foolishness

Description/Outline: If you don't understand what the Bible says about foolishness, you won't fully understand what God has called you to as a parent. Psalm 53:1 - "The fool says in his heart, 'There is no God.'" This means that all of your children's foolishness comes from their heart, so every moment of discipline and correction must be accompanied with heart-focused instruction.

## **WEEK 4 (July 10)**

Title: Process

Description/Outline: You must be committed to the long-term goal of parenting because change is a process and not an event. Even the world's best teacher — Jesus — had a process mentality and, because he did, he was willing to leave his work to unfinished people.

## **WEEK 5 (July 17)**

Title: Let's Get Practical!

Description/Outline: For our final gathering of the year, we are going to take a step back from formal teaching to discuss how to begin to practically implement some of the wisdom from Dr. Tripp into our day-to-day

parenting habits. We will spend some time in discussion and Q&A as a group to bring all this incredible teaching down to the ground so that we can practice it!
