

SUMMER SPECIALS

WEDNESDAYS STARTING JUNE 12 | 6:30-8:00PM

OVERVIEW

Teacher: Rick Evans

Topic: Theology

Title: Storyline

Subtitle: Understanding the Great Story of the Bible

Description: To understand the main message of a story we need to be familiar with the whole story. The same holds true regarding the whole, true story of Christianity. To properly understand our faith, including issues such as the gospel, we want to be sure we are sufficiently familiar with the grand story of God's work in the world. We therefore will take a big-picture view at the story of Scripture, from Genesis to Revelation, including the main unifying threads, various events, characters, and our place in it.
